

Kodol Dyspepsia Cure

The medical profession is one of the most conservative in the world. It is well that it should be so. We want no experimenting with our lives or health. The physician is naturally and justifiably careful to prescribe no remedy until well satisfied of its merits. So it is no small testimonial to the worth of Kodol Dyspepsia Cure that it is coming into general use among physicians of all classes. They appreciate even more readily than the layman that it gives weak stomachs just the rest they need and are prescribing it freely with wonderfully successful results. No dieting is necessary. Eat all you want. While you are strengthening the body with wholesome food Kodol Dyspepsia Cure is restoring the stomach to perfect health by relieving it of its work. Don't be satisfied with merely temporary relief when this remedy offers a complete cure. "I have used in my practice quite a lot of Kodol Dyspepsia Cure with no failures but relief in almost all cases," writes Dr. W. L. Wallace of Kingsport, N. C. "After an active practice of forty-five years this is the first time I have ever had occasion to publicly advise all dyspeptics that they have a certain remedy in Kodol Dyspepsia Cure."

Cures All Stomach Troubles.

Prepared by E. C. Dewitt & Co., Chicago. The bottle contains 24 times the 50c size. When you suffer from indigestion or constipation use the famous little liver pills known as **DeWitt's Little Early Risers**. They never gripe.

GUS SAUR—GEO. WERDEN.

HOG MARKET WAS STRONG

Receipts Were Fairly Good for a Monday.

TOP PRICE WAS \$7.15

Cattle Receipts Showed Improvement Market Steady.

There was a fair supply of hogs on the market yesterday for a Monday. Cudahy and Armour both had orders for hogs, but the receipts were too light to suit them. The market from start to finish was strong as compared with Saturday, and all the hogs were sold except two car loads and these were not held over for want of a buyer, but because they were held higher than the buyers were willing to pay. There was one car load of good heavy weights and they brought \$7.15, the top of the market. \$7.15. Some of the common mixed hogs weighing two hundred and seven dollars and the buyers said it was too high and they refused to pay the prices. The good heavy hogs will quicken and in many cases the price paid for them appears to be an extraordinary one. The more common grades. It has been the case on this market ever since late July that when buyers and sellers fail to agree on price the buyers are the ones who leave. The commission men have fought first, last and all the time to get better prices on the common light hogs because the country buyers have pretty nearly always bought them too high and the commission men want to save them from loss.

The supply of cattle on the market yesterday was in excess of any day for two weeks. There was some medium butcher steers and some but fancy fat cattle were only comparatively few. The receipts were made up of a few head shipped in cars with large and drives, the latter predominating. The buyers generally quoted the market steady but the price for the best head was the lightest that it was difficult to state the market by comparing with previous sales. Some of the cattle classed as butcher steers would not make much in the market as an ordinary year but now that best cattle are scarce the standard seems to be somewhat lowered.

CORN BULLS SHOW SPUNK

With Pure Nerve They Turn Weak Market Strong.

GAIN IN ALL THE GRAINS

Provisions Closed From Five to Ten Cents Lower.

Chicago, June 2.—Bulls in corn were very spunky today. Under very discouraging circumstances they bought heavily and turned a weak market strong. Wheat was helped some by the firmness of coarse grains and recovered from early losses. At the close July wheat gained a shade, July corn gained 1/4¢ and July oats 1/4¢ up. Provisions closed 5¢ to 7 1/2¢ higher. Everything at the start worked against better corn prices.
